

ORGX update

WELCOME Inge Bastiaans

ORGX welcomes Inge Bastiaans, our new Operations Lead

"I'm joining ORGX as Operations Lead because this is where people, service, and problem-solving truly come together. I bring operations logic with a hospital heart: creating clarity in fast-moving environments, solving issues before they surface, and making sure teams and clients feel supported. ORGX's culture of trust, responsibility, and real ownership is where I can think entrepreneurially and turn complexity into calm, clear execution."

Inge Bastiaans
Operations Lead
